New financial officer at HA-BE

HA-BE continues its journey toward becoming a globally active company. With the appointment of Reinhold Kilian as new Chief Financial Officer (CFO) at HA-BE Gehäusebau GmbH, the company has added a new member to its executive management under company owner Karl-Heinz Brunner (CEO), his wife, Brigitte Brunner (CSO), and Oliver Hampe (CPO).

Reinhold Kilian has been in charge all financial activities since January 1, 2014, and is responsible for the Purchasing, Finance, Human Resources, Controlling and IT departments.

Mr. Kilian spent the past several years working for a major manufacturer of tools used for producing circuit boards in Germany and China. One of the positions Mr. Kilian held at the company was general manager in China, where he was in charge of setting up company offices in Kunshan.

"I'm really looking forward to my new job and the challenges involved. Not only does HA-BE employ highly motivated people with impressive expertise, the company also has tremendous potential. **I hope to leverage the enthusiasm of the employees and those involved at the company for all things relating to HA-BE** and to help the company grow. Our goal is to position HA-BE as a global systems and technology partner," says Reinhold Kilian.

Having production sites on different continents also guarantees independence from economic fluctuation and makes it possible for HA-BE to provide its customers worldwide with the reliable, high quality products and services they have come to expect from HA-BE.
