

## CUSTOMER AWARDS FOR HA-BE

### GE HEALTHCARE AWARD

Congratulations to Karl-Heinz Brunner and HA-BE for receiving the Environmental, Social and Governance award during the Global Supplier Summit 2023.

This recognition demonstrates HA-BE's commitment to environmentally friendly practices, social responsibility and responsible corporate governance.

Such awards are a clear sign of HA-BE's commitment to leading in these areas and driving sustainable change. It is inspiring to see how companies like HA-BE are working towards a better future.

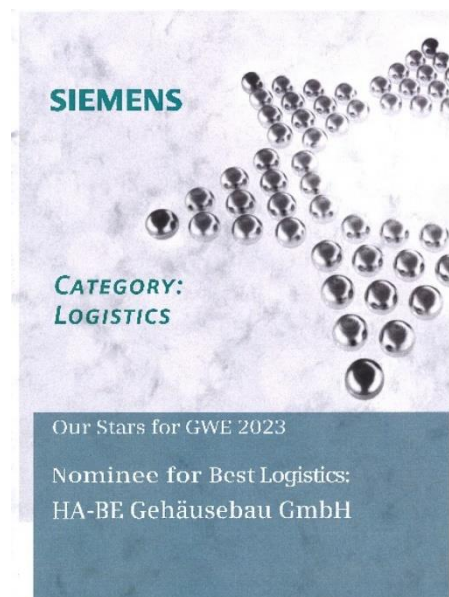

### Siemens Award „Our Stars for GWE 2023“

HA-BE receives another award from Siemens AG for outstanding performance.

HA-BE Gehäusebau GmbH has been honored by Siemens AG with an award for its outstanding logistics services. At a ceremony in Erlangen, Mr. Karl-Heinz Brunner, CEO of HA-BE, was presented with the coveted award in the "Best Logistics" category.

HA-BE was once again honored by Siemens AG for its excellent performance. The company has made a name for itself as a long-standing partner of Siemens and was once again able to impress with its outstanding logistics services.

# HA-BE

"We are very proud to receive this award from Siemens. It is recognition of our efforts to always ensure the highest quality and efficiency in our logistics processes," said Karl-Heinz Brunner at the award ceremony.

In addition to the award in the "Best Logistics" category, HA-BE was also nominated in the "Best Quality" and "Best Overall" categories. This underlines the company's versatile strengths and its ability to provide excellent services in various areas. The cooperation between HA-BE and Siemens AG is characterized by mutual respect and trust.

The award from Siemens is a confirmation of our long-standing partnership and an incentive for us to continue to deliver top performance in the future.

HA-BE sees these customer awards as an incentive to continue to set the highest standards in all areas of the company. The company strives to always offer its customers first-class products and services.
